

## Someone Nice Like You

Sammy Davis, Jr.

And if we could live twice  
I'd make life paradise  
For someone really nice  
Like you

Why did someone nice like you, Evie  
Have to love someone like me?  
When I think of all the men you could have loved  
The men you should have loved  
Who would have loved you

You're worth so much more than me, Evie  
Believe you me, Evie  
You know it's true

And if we could live twice  
I'd make life paradise  
For someone really nice  
Like you

And you mention all the girls I could have loved  
The girls I should have loved  
Who would have loved me

Believe you me, Evie  
You know that's true  
And if I could live twice  
I'd make life paradise  
For someone really nice  
Like you

But who wants Freud's advice?  
I know it  
Works with mice  
But not with someone nice like you

I've asked you once or twice  
Come on it's paradise  
I wanna be with someone nice  
Like you  
Nice like you
