

Father Sun

Sammy Hagar

I sing this song to the rising sun
I sing this song when the day is done
But I can't wait for the morning come
Sing my song to my Father Sun

Hey
Hey

Nothin' comes more guaranteed
Guaranteed eternity
There before and when I'm gone
Father Sun keeps shining on

Sun, sun, sun
Waiting on the light
Sun, sun, sun
Do me right

Heal my body, warm my soul
Brown my skin to a golden glow
Simple song and it's simply sung
Ode to my Father Sun

Sun, sun, sun
Bring on the light
Sun, sun, sun
You got to do me right

Bring on fire in the sky
Bringin' on the light
Sun, sun, sun
Now when you gonna come

Hey
Hey

Beam of light or grain of sand
For every woman, child or man
Power of this world for free
With solar electricity

Sun, sun, sun
Waiting on the light
Sun, sun, sun
You got to do me right

Bring on fire in the sky
Bringin' on the light
Sun, sun, sun
When you gonna come

Sun, sun, sun
