

# Feels Like Love

Sammy Hagar

Well now, once in your life, maybe if you're lucky  
You'll find someone that's right for you  
And when lightning strikes you, ready or not  
There ain't nothing you can do

And now, I've got to see her, you know I won't be late  
The hair on my arms is standing up straight  
I've got the shivers down my backbone, my stomach's turning flips  
I get excited just thinking 'bout her lips

Yeah, and mother always said  
"If it's real you can feel it."  
Now my heart's beating fast  
And my eyes can't conceal it

It's love  
It sure feels like love  
It must be love  
It's gotta, gotta be love  
'Cause it feels like, it feels like love

Held up in the night waitin' for the sun  
To come up and call it a day  
Well, that moment when you're thinking 'bout those things  
The ones you just can't say

I got a feelin' deep inside I can't explain  
Every time I fell asleep I woke up screaming your name  
Started thinking of you, the feeling got strong  
I jumped out of bed, I couldn't take it any longer

Just then I thought  
"Hey, it's all infatuation."  
I see the face  
And the train left the station

It's love  
It sure feels like love  
I know it must be love  
Gotta, gotta be love  
'Cause it feels like, it feels like love

I'm in love

Yeah, it sure feels like love  
It's gotta, gotta be love  
It must be love  
'Cause it sure feels like love  
It must be love  
It sure feels like love

Yeah! Must be love  
I know it's love  
It's modern love  
Yeah! Got, got, I said, got to be love  
Must be love, old-fashioned love  
I'm in love

Ow! Huh  
I'm talking 'bout love  
I'm talkin' 'bout love  
Feels like love  
Yeah
