

# High And Dry Again

Sammy Hagar

You breathe so hard, come on, bother me  
Fill me up with ecstasy  
It's all about control, bein' satisfied  
I need some help, don't be leavin' me  
You're leavin' me, wooh

High and dry again  
You're leaving me high and dry again, uh

So put it where you want it, baby, and I will come along  
Call out my name, wanna hear you moan  
To cry out loud, don't you be ashamed  
Mmm, don't be leavin' me  
You're leaving me, oh

You're leaving me high and dry again  
Don't you leave me high and dry again  
I don't wanna be high and dry again  
Don't

Wooh  
Don't you leave me high

You breathe so hard, come on talk to me  
Take me there, oh yeah, but don't be leavin' me  
Put it where you want it baby, you know I will come along  
Cry out loud, call my name, hear you moan

Wooh, high and dry again  
You're leaving me high and dry again  
I don't wanna be high and dry again  
You're leaving me high and dry again, wooh

Don't be leaving me high  
Don't you leave me high  
Leavin' me dry
