

Karma Wheel

Sammy Hagar

I can't close my eyes
Feelin' what I see
I turn away
But still can see

I can't change the world
But I can change my mind
It's not enough
It's not enough

Color your thoughts, color your speech
Bury your head deep in a sleep
Harden your shell, head in a hole

And it's haunting me
It's changin' me
Seems so unreal
This karma wheel

Run from your feelings
Head in a hole
Mind filled with power
Out of control

The edge of depression
Broken the seal, yeah
No need for compression
Nothing can heal

Roll the karma wheel
Roll that karma wheel
Roll that karma wheel

Roll that karma wheel
Yeah, that karma wheel
Roll with it

Out of control
Head's in a hole
Mind filled with power
Roll that karma wheel
