

# Living On A Coastline

Sammy Hagar

Here we go

Well, I'm ridin' down the beach on my ATV  
(Living on a coastline)  
I'm just chasin' the sun, she's goin' down on me  
(Living on a coastline)

We got a lil bit o sun, a lil bit o beach  
A whole lotta fun in everybody's reach  
Just step right up, we got another fine day  
Don't let the big one get away, yeah

We're livin' on a coastline  
(Living on a coastline)  
Come on down here, now

(Livin' it up) Yeah  
(Livin' it up) Yes we are  
We're livin' it up, lovin' it up  
Livin' on a coastline

We got a styrafoam chest full of ice cold beer  
(Living on a coastline)  
We ain't goin' nowhere we got it all right here  
(Living on a coastline)

Yeah, stone guaranteed to kill the summertime blues  
Put your feet in the sand and throw away your shoes  
You just step right up, we got another fine day  
Got a nice cool breeze, blow your cares away  
Don't take much to have a lot to say  
Don't let the big one get away

We're livin' on a coastline  
(Living on a coastline)  
Come on down, yeah  
  
(Livin' it up)  
(Livin' it up)  
Yeah, we lovin' down here  
(Livin' it up)  
We're alive down here  
Living on a coastline, come on

(Livin' it up)  
(Livin' it up)  
Wooh, I got your drink right here baby  
(Livin' it up)  
Yeah, yeah, yeah, yeah  
Living on a coastline

We got North Beach, South Beach, tryin' to find the perfect beach  
So come on down, come on down  
East West Southwest, nothing but the very best  
So come on down, come on down  
Before the big one gets away, yeah

Come on down here  
I'm waitin' for ya baby  
We're just livin', lovin', livin', lovin', livin', lovin'

Uh, hey
