

# Straight To The Top

Sammy Hagar

You say you like to have a good time  
You're no different than the rest  
And you know it's not the first time  
That you've given it your best

But for some unknown reason  
This one went straight to the top  
And I can see no reason  
Why it's ever gonna stop

(Straight to the top)  
It ain't never gonna stop  
(It ain't never gonna stop)  
Goin' straight to the top  
(It ain't never gonna stop)  
Straight to the top

And it feels like forever  
Is right there in my hand  
No more playin' never, never  
With those one night stands

Oh, my temperature's risin'  
The thermometer's gonna pop  
And I can see no reason  
Why it's ever gonna stop

(Straight to the top)  
It ain't never gonna stop  
(It ain't never gonna stop)  
We're goin' straight to the top, baby  
(It ain't never gonna stop)  
Oh, straight to the top

Hey, just you and me, baby, oh  
There's room at the top and we're on our way there  
So don't try to drag us down, because we're gonna stay there  
Just you and me  
'Cause that's all I ever want it to be, yeah

(Straight to the top)  
(Straight to the top)  
(Straight to the top)

Oh, there's never any question  
When you know she's the one  
Yeah, and it's all so plain and simple  
Lookin' back at what you've done

Yeah, looking at the future  
It sure looks sunny and bright  
And it's such a good, good feelin'  
When you're doin' something right

(It ain't never gonna stop)  
We're goin' straight to the top, baby  
(It ain't never gonna stop)

Oh, straight to the top, baby  
(Straight to the top)  
Oh, straight to the top

(Straight to the top)  
(Straight to the top)  
It ain't never gonna stop  
Goin' straight to the top, yeah

(Straight to the top)  
(Straight to the top)  
Just you and me, baby  
It ain't never gonna stop  
Straight to the top, whoo

(Straight to the top)  
(Straight to the top)  
Goin' all the way, baby  
(It ain't never gonna stop)  
Oh, oh, oh, oh, ow  
Yeah, yeah!
