

# If You're Gonna Walk, I'm Gonna Crawl

Sammy Kershaw

I'm a Monday night football, Friday night pool hall guy  
I ain't never been one to let a good time pass me by  
You're standin' there statin' you're tired of waitin'  
My celebratin's gratin' on you

If you feel that way, if it'll make you stay  
Well, here's what I'm gonna do

If you're gonna walk, I'm gonna crawl  
You'll see how low a man can go  
When his back's against the wall

I'll be grovelin' in the gravel  
If you make that taxi call  
If you're gonna walk, I'm gonna crawl

You're a one man, pure gold genuine good ol' girl  
You've been waitin' on me to get tired of my neon world  
Now the turn you've taken has got me shakin'  
It's a heart breakin' wake up call

Now I'm seein' how you see me  
And I feel about shoe top tall

If you're gonna walk, I'm gonna crawl  
You'll see how low a man can go  
When his back's against the wall

I'll be grovelin' in the gravel  
If you make that taxi call  
If you're gonna walk, I'm gonna crawl
