

Born to Be Blue

Sampa the Great

Great, you great, you great and we great
I'm great and you great
Great nice to meet ya ---
Great nice to meet ya

Know what I just thought of?
Trees, blue, skies and walking in the park
Maybe eatin' ice cream, but after dark
A-a-and, and laughing with my friends and have them barbecues a
nd even though I'm vegetarian
You know? Fry legumes out

Drink the soda and I'll drink the juice and
Bring along your friends your crews and
And we'll sit and we'll talk about the world and
And how we take over
Do you understand?

Great, you great, you great and we great
I'm great and you great
Great nice to meet ya ---
