

Brand New

Sampa the Great

Yeah
I picture all of the best shit
On to the next shit
Unedit all the shit that make it perfect
Yes and
Leaving out the shit I gotta work through
Hurt you
Blamed it on the doubt I know you work through
Uh
Running fast just mash up the meter
Hard pacing hot by the heater
Heating up every girl inna all of 7 meters
Just testing
Me and asking for a beat up
Uh

Mad I didn't give it all up
You deserve the best
Yeah
Better if you gave it all up
You deserve the best

Promise you
We gon' do our best the next chance
Promise you
It's no fairytale that's facts
Promise you
We gon do our best next chance and it's all because of you

Cause you make me feel brand new
I sing this all for you
You make me feel brand new
It's all because of you
You make me feel brand new
I sing this all for you
You make me feel brand new
It's all because of you

Ain't it better if we laughing through the winter
Or sipping lemonade at dinner
You came prepared
Writing all the notes
See you tired of the jokes
Cause you you know I made it worse
And I know
You know
I know
I hope you still see a glimmer of hope
All through the chaos
I K.O.'d
When you told me it won't work
Cause it's broke
It's no joke
I smile hard when I choke
Fix it Felix think we're destined to be
Pointing all the fingers fact they pointing at me
Thanks for all the love I know it's given by choice

I hear you clear
With no sound of your voice
So rejoice
And all the case of the bitters
Just in case they can't hear us
All the angels are near us
All the case of the bitters
Just in case they can't hear us
All because of you

You make me feel brand new
I sing this all for you
You make me feel brand new
It's all because of you
You make me feel brand new
I sing this all for you
You make me feel brand new
It's all because of you

Ooh
You make me feel brand new

Ooh
You make me feel brand new

Ooh
You make me feel brand new

You do, you do, you do
