

Shades

Sampha

I wait
Until she comes
My way
And if she does
Oh, I hope that I could find the words to say, yeah

I wait
Until she comes
My way
And if she does
Oh, I hope that I could find the words to say, yeah

Under the night
I can't take the true
So I look out
I see your [?] blue
Always hopin' it would go my way, hey, hey, hey

Messed up on a chance
I could be there with you
But I waited
Turned out I was a fool
Dreams are better than a fall

Laid back
Back in the sand
And hope
It all goes to plan
'Cause words are all so strange

Laid back
Back in the sand
And hope
It all goes to plan
'Cause words are all so strange

I wait
Until she comes
My way
And if she does
Oh, I hope that I could find the words to say, yeah

I wait
Until she comes
My way
And if she does
Oh, I hope that I could find the words to say, yeah
