

Flashbang

San Cisco

You think it's funny when you put me in my place
You roll your eyes and I can see it on your face
You think you're cool, the big man overrules
I'm gonna drop a flashbang, and it's gonna throw back on you

She's gonna blow
She gonna blow

When we went at war
Just went at war
Don't wanna talk
Shouldn't have to talk
But we still got our voice
Cause she shouldn't have to go
She don't wanna go, oh no
Are you picking up what we're putting down, she's gonna blow

Flashbang

Flashbang destroy the joint
This is how we make our point
Throw it like a broke grenade
This is how our future's made
We've been taught to hate
Taught to occupy, liberate
Never gonna move aside
Flashbang we've already wrote
We shouldn't have to go if we don't wanna go, oh no
Are you picking up what we're putting down, she's gonna blow

Flashbang destroy the joint
This is how we make our point
Throw it like a broke grenade
This is how our futures made

We shouldn't have to go if we don't wanna go, oh no
Are you picking up what we're putting down, she's gonna blow
Shouldn't have to go if she don't wanna go, oh no
Are you picking up what she's putting down, she's gonna blow
