

High

San Cisco

You're making me high
And I don't want to come down
You're making me high

Is this what it felt like before
Even though it doesn't make it easier
Well honestly, I don't think I've got what you need
When you wrap yourself around me
Yeah, you don't even try

You're making me high
And I don't want to come down
You're making me high
Am I losing my mind?
Maybe I'm just feeling more than I should be
'Cause nothing ever came that easily to me
You're making me high

Nervous energy just multiplies
I don't know how to regulate my state of mind
Reality somewhere that I used to be
And now your hitting me gently
While I'm up in the sky

You're making me high
I don't want to come down
You're making me high
Am I losing my mind?
Maybe I'm just feeling more than I should be
'Cause nothing ever came that easily to me
You're making me high

I never thought I'd have a chance 'til I took one
I swear you're out of this world, where'd you come from?
You fill me up and now I'm overflowing
Yeah, you're on my mind all the time

And I don't really care about tomorrow
How could I when I feel this way?
I haven't checked my phone for hours
I haven't left the house in days

You're making me
High
You're making me
High

You're making me high
And I don't want to come down
You're making me high
Am I losing my mind?
Am I just feeling more than I should be
'Cause nothing ever came that easily to me
You're making me
You're making me high
