

Lost Without You

San Cisco

This
This is all I've got
Honey you know everything I'm not
Sometimes
It's the hardest thing we'll ever do
But I've got forever and I want to spend it with you

We might be fighting, but you bring all of my light
I'm not scared of dying if I do it by your side
Never a dull moment, when you're my partner in crime
They want us dead or alive but I don't mind

But I'm not leaving anywhere without you
So why'd you leave me out here too?
Think about all the shit that you've put me through
Yeah, I'd be lost without you

Time
Time keeps ticking on by
And you
You're like a thorn in my side
But we
We're gonna stick together
It doesn't matter how bad it's got
We're gonna make it better

We might be fighting but you bring all of my light
I'm not scared of dying if I do it by your side
Life's never boring when you're my ride or die
They want us dead or alive
We don't mind

I'm not leaving anywhere without you
So why'd you leave me out here too?
Think about all the shit that you've put me through
Yeah, I'd be lost without you

I'm not leaving anywhere without you
So why'd you leave me out here too?
Think about all the shit that you've put me through
Yeah, I'd be lost without you
