

Make Me Electrify

San Cisco

Are we connected to the ground now, baby
Fall down harder, when I'm with you
Are you affected by the sound, now, baby
Of my heart calling out, for you

You playing with fire
Ooh don't touch the fire
Ooh don't touch the fire, now
You playing with fire
Ooh don't touch the fire
Ooh don't touch the fire, now

Can you feel
The sparks ignite?
Can you feel
The heat tonight?

Are we connected to the ground now, baby
Fall down harder, when I'm with you
Are you affected by the sound, now, baby
Of my heart calling out, for you

So move close enough for sparks to fly
When we come together, we electrify

You playing with fire
Ooh don't touch the fire
Ooh don't touch the fire, now
You playing with fire
Ooh don't touch the fire
Ooh don't touch the fire, now

Are we connected to the ground now, baby
Fall down harder, when I'm with you
Are you affected by the sound, now, baby
Of my heart calling out, for you

You playing with fire
Ooh don't touch the fire
Ooh don't touch the fire, now
You playing with fire
Ooh don't touch the fire
Ooh don't touch the fire, now

Can you feel
The sparks ignite?
Can you feel
The heat tonight?

So move close enough for sparks to fly
When we come together, we electrify
So move close enough for sparks to fly
When we come together, we electrify
We electrify
We electrify
We electrify

You playing with fire
Ooh don't touch the fire
Ooh don't touch the fire, now
(When we come together, we electrify)
You playing with fire
Ooh don't touch the fire
Ooh don't touch the fire, now
You playing with fire
Ooh don't touch the fire
Ooh don't touch the fire, now
You playing with fire
Ooh don't touch the fire
Ooh don't touch the fire, now

Can you feel
The sparks ignite?
Can you feel
The heat tonight?
Can you feel (You playing with fire) (Ooh don't touch the fire)
The sparks ignite? (Ooh don't touch the fire, now)
Can you feel (You playing with fire) (Ooh don't touch the fire)
The heat tonight? (Ooh don't touch the fire, now)
(When we come together we electrify)
Can you feel
The sparks ignite?
Can you feel
The heat tonight?
