

Your Ghost

San Fermin

When you leave me
I only think about you
Can't do much without you
I see your ghost
Waiting in the bedroom

And you ask me
Ask me how my day was
Did you leave the house, love?
And I talk to your ghost
And I dream about you

All the time
And I dream about you
All the time

In the morning
Ghost'll make me breakfast
Write me out a long list
Write another sad song
We can make it fun though

At the party
Your name on our lips is
Sweet like chocolate
And I make love to your ghost
When I dream about you

All the time
And we dream about you
All the time
And we dream about you
All, all the time
And we dream about you
All, all the time

When you come home
Something doesn't quite fit
I don't think you notice
In the bedroom
You try to hold me close
I only want your ghost

All the time
I only want your ghost
All the time
I only want your ghost
All, all the time
I only want your ghost
All, all the time
