

## FEELS RIGHT

San Holo

Are you waiting for a sign?  
Waiting for that peace of mind?  
I'm not waiting anymore  
Put your foot down to the floor

As long as it feels right  
I'll put up a good fight  
As long as it feels right  
As long as it feels right

Yeah, as long as it feels right  
Yeah, as long as it feels right

Feels right  
As long as it feels right  
Feels right

Are you living your own life?  
Are you buying all those lies?  
I'm not listening anymore  
Put your foot down to the floor

As long as it feels right  
I'll put up a good fight  
As long as it feels right  
As long as it feels right

Yeah, as long as it feels right  
Yeah, as long as it feels right

Feels right  
As long as it feels right  
Feels right

Whatever they say  
Hope you find your way  
Whatever they say  
Hope you find your way
