Lost Lately

San Holo

I tried but it don't feel right (don't feel right)
Can't erase you from my mind (from my mind)
I've been feeling lost lately (lost)
I've been feeling lost lately (lost)

Wake up in the bright sunlight (bright sunlight)
Why do I feel numb inside (so numb)
I've been feeling lost lately (lost)
I've been feeling lost lately yeah

I've been feeling lost lately
I've been feeling
I've been feeling lost lately

I've been feeling lost lately

I tried but it don't feel right (don't feel right)
Can't erase you from my mind (from my mind)
I've been feeling lost lately (lost)
I've been feeling lost lately (lost)

Wake up in the bright sunlight (bright sunlight)
Why do I feel numb inside (so numb)
I've been feeling lost lately (lost)
I've been feeling lost lately yeah

I tried but it don't feel right
Can't erase you from my mind
I've been feeling lost lately
I've been feeling lost lately

Wake up in the bright sunlight
Why do I feel numb inside
I've been feeling lost lately
I've been feeling lost lately yeah

I've been feeling lost lately
I've been feeling
I've been feeling lost lately

I've been feeling lost lately

I've been feeling lost lately

(I can't erase you from my mind)
Lost lately yeah
(I can't erase you from my mind)
I've been feeling lost lately
