

**Madam**

sanah

I'm praying  
For the love I have lost when the tears keep on falling  
I'm praying  
When I feel like a loser I count all my bruises  
I'm praying  
Cause everything's changing  
And bullets are finding me praying  
I'm praying

Madam  
Madam  
Madam  
You should have seen the place I was sitting  
Madam  
Madam  
Madam  
I don't really want to be alone now  
Madam  
Madam  
Madam  
Is this the place I've chosen to weep in  
Madam  
Madam  
Madam  
I don't really want to be alone now

Take the punch yeah  
Take the punch yeah  
Take the bullets all the bullets when they caught ya

Take the punch yeah  
Take the punch yeah  
I wish I didn't feel so alone now

Take the punch yeah  
Take the punch yeah  
Take the bullets all the bullets when they caught ya

Take the punch yeah  
Take the punch yeah  
I wish I didn't feel so alone now  
I wish I didn't feel so alone now  
I wish I didn't feel

I'm ready  
To show you my fears  
I'm not hiding my tears cause  
I'm ready  
To show you my colours  
But I'm still embarrassed  
I'm praying  
Please don't break my heart  
It's too weak to fight back  
I'm praying  
I'm praying

When you feel like there's more  
And you'll fade away in time  
Don't say you're gonna stay  
While you're walking away  
While I'm praying
