Tiny Little People

sanah

I fell in love in a second then you ran
Then you ran to the seaside
I was alone but maybe I was born
To just run to the seaside
Let me run to the seaside, no

A winners gonna come
A winners gonna come down
I don't wanna show that I am alone
A winners gonna come
A winners gonna come down
I don't wanna show

We are tiny little people
But we keep dancing till the morning sun, sun, sun
Till it makes it right, oh
We are tiny little people
But it's okay if we dance all night, night, night
Till it makes it right, oh

I'd walk a mile in a second to be yours
To be yours at the seaside
Falling to pieces lying on the sand
Losing love to a landslide
Losing love to a landslide, oh

We are tiny little people
But we keep dancing till the morning sun, sun, sun
Till it makes it right, oh
We are tiny little people
But it's okay if we dance all night, night, night
Till it makes it right

Light up, light up
Light up, light up
Light up, light up
Light up, light up

We are tiny little people
But we keep dancing till the morning sun, sun, sun
Till it makes it right
We are tiny little people
But it's okay if we dance all night, night, night
Till it makes it right, oh

A winners gonna come
A winners gonna come down
I don't wanna show that I am alone
A winners gonna come
A winners gonna come down
I don't wanna show

Winners gonna
Winners gonna
I don't wanna

Winners gonna

```
Winners gonna
I don't wanna
