

# Christmas Was Meant For Children

**Sandi Patty**

Christmas was meant for children  
Children like you and me  
With mistletoe and holly  
And toys upon the tree  
The stockings by the chimney  
And hearts so full of joy  
Old Santa's riding through the snow  
For every girl and boy

So ring out the bells from the steeple  
For the world in its mantle of white  
Let the star in the East that lead us  
Shine on your tree tonight  
Always remember the infant  
Away in a manger to see  
For Christmas was made in heaven  
For children like you and me
