

Love Can Open the Door

Sandi Patty

Lives of the people we see every day
Are the treasures along our way
To know them is just a few words away
Just a little kindness
Love will show you the way

Chorus:

Oh Love
Love can open the door to our hearts
Oh Love
Can cover the distance that keeps us apart
But it's never too far
Cause love can open the door

Words can be used to bring a person shame
Or the sound can heal another's pain
We all have the power to make a stranger a friend
Just when we're afraid to
Love will do it again

Repeat Chorus

This universal language
Spoken wherever you go
Becomes a rushing river once it's started to flow
Oh Love can open the door to our hearts

Repeat Chorus
