

Someone Up There Loves Me

Sandi Patty

Standin' at the crossroads
With a long and winding road
Cuts across the straight
And narrow way
I know which way to turn
I know exactly where to go
'Cause the Lord is with me
Every single day
And when the times get hard
Has He left me alone?
(oh, no) Oh no, He's right beside me
(He's right beside you)
And when I'm weary
And all my strength is gone
He takes my hand and leads me on

Someone up there loves me
He's watchin' over me every day
Someone up there loves me
He's watching what I do and what I say
Someone up there loves me
Every minute of the day
I know that someone's up there
And He's looking' out for me

Every now and then
I feel a little bit like Daniel
Trapped inside a lion's den
And at the darkest hour
When it's more than I can handle
Someone comes and rescues me again
Is it coincidence or just good luck
That shines my way?
(No, no) Oh no, I don't believe it
(don't you believe it)
I recognize His hand

In everything I see
And in every way He blesses me

Someone up there loves me
He's watchin' over me every day
Someone up there loves me
He's watching what I do and what I say
Someone up there loves me
Every minute of the day
I know that someone's up there
And He's looking' out for me

Someone patient
When I struggle
He's there when I need Him
Why should I worry
When such a someone
Is so in love with me
Someone up there loves me
He's watchin' over me every day

Someone up there loves me
He's watching what I do and what I say
Someone up there loves me
Every minute of the day
I know that someone's up there
And He's looking' out for me

Someone up there loves me
Someone up there loves me
He's watching what I do and what I say
Someone up there loves me
Every minute of the day
I know that someone's up there And He's watchin'
And He's watchin' over me (Someone's up there)
(Watchin' over me)
