

# When the Time Comes

Sandi Patty

Cleanse me Lord  
Of all my silly, sad charades  
How I want to be all and only Yours  
Take away the clutter in my life everyday  
And make me like a child at play

Give me joy  
I love to laugh and cry with You  
You've become a friend with me all the time  
Help me to be patient as I watch and as I pray  
Growing in Your love each day  
Lord, show me the way

When the time comes  
I want Him to know me  
When the time comes  
I want to be there  
And when the time comes  
I wanna be ready  
When Jesus comes to take me, take me home

Fill me, Lord  
I want Your love to overflow  
Running free through me to a lonely world  
Let me share that simple truth that sets people free  
How I want them all to see how it can be

When the time comes  
I want Him to know me  
When the time comes  
I want to be there  
And when the time comes  
I wanna be ready  
When Jesus comes to take me, take me home
