

Angel

Sandi Thom

They say your eyes are the windows to your soul
And you shone so bright like an angel soul
I know you're somewhere smilin' down on me, my love
When I close my eyes at night, you're in my dreams

'Cause honey my love for you
Is the kind that never dies
It'll always be true
Till the last star leaves the sky, oh
When I watched you go
I have never seen a light
Shine so brightly, oh
You glow, just like an angel

There are days when I missed you so much that it breaks me down
And I can't even be myself [?] oh-oh-oh
But then I hear a voice echo through the air, oh-oh-oh
I see a light that shines so bright when you are near, to me

'Cause honey my love for you
Is the kind that never dies
It'll always be true
Till the last star leaves the sky, oh
When I watched you go
Well I have never seen a light
Shine so brightly, oh
You glow...

'Cause honey my love for you
Is the kind that never dies
It'll always be true
Till the last star leaves the sky, oh
When I watched you go
Well I have never seen a light
Shine so brightly, oh
You glow, just like an angel
You're just like an angel
Just like an angel
Oh-oh-oh-oh, like an angel
