Nothing else matters

Sandi Thom

So close, no matter how far
Couldn't be much more from my heart
Forever trusting who we are
And nothing else matters

Never opened myself this way
Life is ours, we live it our way
All these words, I don't just say
And nothing else matters

I never cared for what they say
I never cared for what they do
But I know

Trust I seek and I find in you
Every day for us something new
Open mind for a different view
And nothing else matters
No, nothing else matters
Nothing else matters

Yeah... nothing else matters...
