

The Feeling

Sandi Thom

Call me a doctor, it's a full-on heart attack
I've lost control of my emotions, I'm goin' into cardiac
Is somethin' wrong with me, it's like a feelin' in my bones
This uncontrollable sensation rocked me to my bones

I get the feelin' that you're takin' control of me
Takin' my mind, body and spirit and changin' me
I get the feelin' that I'll never be the same again
I get the feelin', I get the feelin'... Oh yeah

Call me a doctor, listen, I'm caught in a trap, ooh
This fallen angel's now my aphrodisiac
Sometimes he's rude to me, he's also cruel to me
But I want him more than you know
I want him more than you know

I get the feelin' that you're takin' control of me
Takin' my mind, body and spirit and changin' me
I get the feelin' that I'll never be the same again
I get the feelin', I get the feelin', oh

Oh... yeah...
Oh-oh, oh... mmh
I get the feelin', oh-oh
Yeah-yeah

I get the feelin'
Yeah I get the feelin'
Oh I get the feelin'
And now
He's takin' control
He's takin' control
Oh-whoa, oh-oh, oh-oh

I get the feelin'
I get the feelin'
I get the feelin', now
Oh yeah, yeah yeah

I said he's takin' control
I said he's takin' control
He's takin' control, oh
Oh...
