

Fever

Sandra Našić

Why did you come undone?
Let me cut off your wings you don't need them
So beautiful
What have I done?
It's the sweetest parade I am giving
Drive me crazy
You're the one without no ending
Drive me baby
I wanna be like your
Fever
Fever
I will burn in the sun when you take me again
Fever
Fever
You will burn in the sun when you take me away
Fever
So now that I haven't gone
It's too late to give up cause you wake me
So beautiful
What have you done?
It's the beat to the drugs you are taking
Drive them crazy
You're the one without no ending
Drive me baby
I wanna be like your
Fever
Fever
I will burn in the sun when you take me again
Fever
Fever
You will burn in the sun when you take me away
Fever
I'm the lying without no ending
And you're the one without
Fever
Fever
I will burn in the sun when you take me again
Fever
Fever
You will burn in the sun when you take me away
Fever
Fever
Fever
Fever
You will burn in the sun when you take me away
Oh... Again
