

Moscow Nights

Sandra

Moscow nights
Moscow nights

Some time
Some place
I'm taking you tonight
People
On a square
Dancing side by side

Now I'm close to you
Tonight there's no taboo
Can you feel the fire burn

I can't forget those
Moscow nights - city lights
Going outta control
Getting lost in sensation
Moscow nights - city lights
When you're loosing yourself
To your imagination
Feel the magic in the air tonight
Never waking up
From those mysterious
Moscow nights

Never waking up
Moscow nights
Never waking up

Love me
Look at me
Chase me through the floors
Colors
Crazy
What you're waiting for?

Now I'm close to you
Tonight there's no taboo
Can you feel the fire burn

I can't forget those
Moscow nights
City lights
Going out of control
Getting lost in sensation
Moscow nights
City lights
When you're losing yourself
To your imagination
Feel the magic in the air tonight
Never waking up
From those mysterious
Moscow nights

Never waking up
Moscow nights

Never waking up
Moscow nights
Never waking up
Moscow nights

Now I'm close to you
Tonight there's no taboo
Can you feel the fire burn

Moscow nights
Moscow nights

I can't forget those
Moscow nights
City lights
Going out of control
Getting lost in sensation
Moscow nights
City lights
When you're losing yourself
To your imagination
Feel the magic in the air tonight
Never waking up
Never waking up

Московские ночи
Городские огни
Я люблю вас
мои московские ночи
