

# R U Feeling Me

Sandra

(Are you feeling me)  
(It's so crazy)  
(Are you feeling me)  
(Just tell me)

(Are you feeling me)

There's something special  
I need to know from you baby  
It's making me crazy

I don't know how much  
You're into me baby  
Wanna know if I'm yours

Do you see what I see  
Do you want what I want  
Everytime when I'm next to you  
Tell me

I don't wanna go on  
Thinking I could be wrong

Are you feeling me

Are you feeling the way I move  
Are you feeling the things I do  
Can you tell me honestly

Are you feeling me

Are you feeling the way I am  
Do you feel you're the one who can  
Gimme gimme the love I need

Are you feeling me

Can't help it  
I've got to say what I'm thinking  
Like it or not

Somewhere between us  
I know there is something  
So I will put you on the spot

Don't want no in between  
Do you know what I mean  
Need to know what I mean to you  
Tell me

It's as simple as that  
So don't hold it back

Are you feeling me

Are you feeling the way I move  
Are you feeling the things I do

Can you tell me honestly

Are you feeling me

Are you feeling the way I am  
Do you feel you're the one who can  
Gimme gimme the love I need
