

# Sand Heart

Sandra

Felt like you fell  
Out of the sky  
Felt like you fell  
Into my life  
I have never felt so strong  
So strong

Felt like you have  
Shot with a dart  
Felt like you have  
Conquered my heart  
This is where you do belong  
You and me belong together

Come back to me  
You left me with a  
Sand heart - sand heart  
On the beach  
Yes I want you  
I need you near me  
You left me with a  
Sand heart - sand heart  
That won't beat  
Had to leave you  
Please come back to me  
Had to hurt you  
Before the waves of the sea  
Wash away

Your sand heart - sand heart  
Cause they will wash away  
Your sand heart - sand heart

Step by step  
I'm walkin the shore  
Step by step  
My feet in the water  
Searching all the sea for you  
For you  
Tic toc time  
Sleep and awake  
Tic toc time  
I walk and wait  
Need your love to get me through  
You and me belong together

How could you run away from me  
What should I do without you now  
How could you leave me here alone  
Hope I will understand  
Hope I will understand one day
