Sandro Cavazza

Woke up and see this  
You came back, came back for love  
Do you know the way?  
Where should we go this time?

We could be here  
We could be here  
We could be here, yeah, yeah  
We could be here  
Here

Smoke train, no love

I take, you follow

We both want some  
Late night but you follow

We could be here  
We could be here  
We could be here, yeah, yeah  
We could be here

We could be here  
We could be here  
We could be here, yeah, yeah  
We could be here  
Here
