

# Shades In The Rain

Sandro Cavazza

People, let me tell you a secret  
I'm sitting at the job I hate just waiting for the weekend  
But then I put them on and I can see that  
Everything will be alright

No matter what happens to me  
I got a remedy, a remedy  
No matter what happens to me, what happens to me  
I got a remedy

Sometimes I wear shades in the rain, I love the way  
The world looks when they sit on my face, yeah  
I wear them jamming on the subway  
Every goddamn Saturday night  
You find me drifting  
Sometimes I wear shades in the rain  
Yeah, I wear shades in the rain

I wear them when my life is like a mountain  
When I hit rock-bottom like a penny in the fountain  
I wear them when nobody is around man  
'Cause they make me feel so fly

No matter what happens to me  
I got a remedy, a remedy  
No matter what happens to me, what happens to me  
I got a remedy

Sometimes I wear shades in the rain  
I love the way the world looks when they sit on my face, yeah  
I wear them jamming on the subway  
Every goddamn Saturday night  
You find me drifting  
Sometimes I wear shades in the rain  
Yeah, I wear shades in the rain

I wear them jamming on the subway  
Every goddamn Saturday night  
You'll find me drifting  
Sometimes I wear shades in the rain  
Yeah, I wear shades in the rain

Sometimes I wear shades in the rain  
'Cause I love the way the world looks when they sit on my face, yeah  
I wear them jamming on the subway  
Every goddamn Saturday night  
You find me drifting  
(Oh, you find me drifting)  
Sometimes I wear shades in the rain  
Yeah, I wear shades in the rain

Yeah  
In the rain  
Shades in the rain
