(Sandy) Alex G

I get sick when I get stoned  
Everything we do, we do it alone  
I get sick when I get stoned  
Everything we do, we do it alone

Rosie is my favorite dog  
Takes her piss on the neighbors lawn  
Rosie is my favorite dog  
Bites my hand when I go wrong

I do  
Animals not people  
I do animals  
Not people  
I do

Who's that walking down your stairs?  
Double check, there's something there  
Who's that walking down your stairs?  
Double check, there's something there

Rosie told me not to cry  
Look her in her big brown eyes  
Hold her tight and feel no pain  
Her dog breath drives me insane

I do  
Animals not people  
I do animals  
Not people  
I do
