

Big Problems

(Sandy) Alex G

Inside I know
Inside I know
Inside I know
Inside
I got a big, big problem
Coming on me
Oh no

She came too fast
I went right past
My hands were cold
Too right to fold
You need me now
I'm not around
I won't connect
Baby
It's just a big, big problem
Coming on me
You know

They smile and then they grit their teeth
It's all the reason that you need
You want a hold on something real
You want a pain that you don't feel
I'm wide awake inside my head
She's dry and drowning in her bed
I'm wide awake inside my head
She's dry and drowning in her bed

Big problems
Coming on me
Oh

Inside I know
Inside I know
Inside I know
Inside I know
Inside I know
Inside I know
Inside I know
Inside I know
