

## Bug

(Sandy) Alex G

He doesn't know me  
No pain for my gain  
Callin my cellphone  
No time for that shame  
A yes man  
You know I love you back kid  
But I skid  
I never knew ya  
A yes man  
You know I got your back kid  
But I fib  
I'm flyin' through ya

And when you go there  
You stay there  
Bug in the crosshair  
You stay there

A fuck brain  
Just tryin to get himself paid  
But behave  
A big pain  
But love him all the damn same

Bug in the crosshair
