

Exist

(Sandy) Alex G

I feel sorry 'cause I don't know why I exist
And I'm so sick
'Cause I don't know why I exist
And I write songs
But I don't know why I exist
And I read books
But I don't know why I exist

And I've got friends
But I don't know why I exist
And I love my parents
But they don't know why they exist
And I get A's
But I don't know why I exist
And I play sports
But I don't know why I exist

And I've got friends
And they don't know why they exist
And I love sports
But I don't know why I exist
And I go to school
But I don't know why I exist
And I got teachers and
They don't know why they exist

And I'm so fucked 'cause
I don't know why I exist
And you're so fucked 'cause
You don't know why you exist

And...
