

House

(Sandy) Alex G

When you're young you're a loaded gun
So don't worry honey you'll go right back where you started from
Benny saved a spot for you
Cause he knows your comin back honey cause you always come back
And you can't talk to him like that
Cause hes gonna hurt you bad honey I bet you my spot in hell
I don't know where it is you go
But I know hes going through your heart and honey straight to the house of God
I know you're still here and you wish you could feel it
I see you on a big screen and you're lookin sick to your stomach

Look at you
You look so confused
And I remember when you complained about bein alone
I could do anything to you
I could do anything to you
I could do anything to you
I could do anything to you
