

Immunity

(Sandy) Alex G

I have to put the cocaine in the vaccine
Walk out of the doctor with immunity
Life of revelation catching up with me
Go to bed at midnight waking up at three
What your mother gave you, you can give to me
I have to put the cocaine in the vaccine
Walk out of the doctor with immunity
Life of revelation catching up with me

Accident in Kansas, call you back soon I
Yeah I'm in love with you
Baby I'm in trouble got a new number
Yeah I'm in love with you
Yeah I'm in love with you
