

## Powerful Man

(Sandy) Alex G

Davey broke the law again  
Heard this time he's going to the pen  
Guess I didn't need my lunch  
Cause I was going to miss him a whole bunch  
Maybe he was out of line  
But he was still a pretty close friend of mine  
Maybe he had hurt me bad  
But a brother is a brother and that is that

Mom's in a mood this week  
Cause she thinks that her family is going crazy  
Guess it started with the baby  
She went in for a hug then it bit her on the cheek  
That was pretty funny to me  
But I guess I should have more sympathy  
I never raised a kid  
But I bet I'd do a good job if I did

Had a dream about a promised land  
Walkin' round with a big gun in my hand  
And when I look you in the eye  
You're gonna tell me that you love me and hold me tight  
Cause you know that I have no fear  
Ain't gonna walk into the river and disappear  
I'm gonna be a powerful man  
Red blood running down the broken sand

I couldn't tell you  
What it means to me
