

Punk

(Sandy) Alex G

If you're gonna use it, you better abuse it
If you're gonna use it, you better abuse it
If you're gonna use it, you better abuse it
If you're gonna use it, you better abuse it

If I'm gonna know you, I gotta control you
If I'm gonna know you, I gotta control you
If I gotta know you, I gotta control you
If I'm gonna know you, I gotta control you

If you're not a punk, you're not alive
Your whole life has been a lie
Just sit back and die
