Talking

(Sandy) Alex G

Talk it down one more time
So you can forget what made you better then
Cause you're fucking up pretty bad now

Maybe it'll take some time
Maybe it'll take some time
Baby I know what's on your mind
Baby I know what's on your mind

Don't you leave him alone
He's just a kid
Another wrecking ball
Thinking he's bigger than God

Maybe it'll take some time
Maybe it'll take some time
Baby I know what's on your mind
Baby I know what's on your mind
