

## Track 10

(Sandy) Alex G

Baby waitin' for me on Halloween  
She said her mask would scare me, I don't think it will  
I know everyone can tell I'm an empty shell  
But baby likes me better when I hurt myself

Baby called me in the morning  
She said she talks in her sleep, I don't think she does  
Baby wraps me up in her blankie  
She said if I don't wake up I'll live forever in this dream
