

Track 13

(Sandy) Alex G

Go on where you go, honey
Go on where you go
Go on where you go, honey

And I can't make you
If mommy and daddy
Can't break you

And I can't make you
If Bobby and Freddy
Can't break you

Go on where you go, honey
Go on where you go
Go on where you go, honey
Go on where you go

And I can't take you
Cause my life's been
Pretty crummy too

And I can't take you
Cause you know I gotta look out
For myself too

Teach ya
Where you are, honey
Go on, I won't be far, honey
Teach ya where you are
Go on, I won't be far
