

Trouble

(Sandy) Alex G

And you don't
Understand

What you can hold
In your fucking hands

And I'm sorry
I'm so angry
All the time

Give me something
Right away
Because I can't wait
Another day

And it makes me kind of happy
To see your face

And I discovered that she's not really your mother
The book that says I'll be instantly discovered

And I just realized that I
Never should of loved her
I can't believe that I had
Caused all of this
Trouble
