

Necrosexual Deviant

Sanguisugabogg

The urge controls
Taking over me
Lose control

I fulfill my desire
Can't fight their will
The dead satisfies

Lifeless tryst
Alive again

I hear their moans
They still feel warm

Slowly growing more insane
Living out this dream

No more holding back
Lusting after unburied
Animated dead
No more looking back
Feelings come unwarranted
Now it's my last time
Gross carnality

Now more alive than ever before
My name moaned in silence
Cravings of the dead
I'm wanting more
Their sleep defiled

Bearing the sodom
Expressionless face of the dead
Is reassuring

Dead connoisseur
It lives on
Steals my identity
It consumes my life
Dead inside

My will to fuck the dead
Lives on forever on
