

# All About Love

Sanna Nielsen

It's all about love  
Oh-oh, oh-oh, oh-oh  
It's all about love  
Oh-oh, oh-oh, oh-oh

We were hostages of war  
In the middle of a fight that seemed to never end  
I remember being four  
Crying silently my sister in my arms

And I didn't understand why you hated us so much  
And yet we still pretend  
That you loved us both so much  
That everyday we'd be your ?

Just break it up, if there's no such thing as love  
Got us crying out of love for us little ones  
Just break it up, if there's nowhere family  
And there's really no we  
It's all about love  
It's all about love  
Oh-oh, oh-oh, oh-oh  
It's all about love  
Oh-oh, oh-oh, oh-oh  
It's all about love

Saw my sister yesterday  
But we're strangers to each other in a world of pain  
And there's nothing left to say  
Can't we both look where we wanna book the plane?  
Cuz they broke our tiny souls  
And I do think that they really haven't got a clue  
When I ask my mother once  
She said we did it all for you

Just break it up, if there's no such thing as love  
Got us crying out of love for us little ones  
Just break it up, if there's nowhere family  
And there's really no we  
It's all about love  
It's all about love  
Oh-oh, oh-oh, oh-oh  
It's all about love  
Oh-oh, oh-oh, oh-oh  
It's all about love

I walk alone  
How could I love someone  
When all I know  
Are the clouds, never seen the sun

Just break it up, if there's no such thing as love  
Got us crying out of love for us little ones  
Just break it up, if there's nowhere family  
And there's really no we  
It's all about love  
It's all about love

Oh-oh, oh-oh, oh-oh  
It's all about love  
Oh-oh, oh-oh, oh-oh  
It's all about love
