

Strong

Sanna Nielsen

I can't deny what im feeling
Its like an endless breathing
Its in the air when we touch so right

And in my darkest hour
You surely give me the power now
And carry the day say hey

Strong am I feeling am I feeling strong
but I cant but I cant go on
alone, I cant do without you
Strong
Wanna be wanna be your love
Wanna be wanna be your one
Because I can't live without you

It's not too hard to see it
It's not too hard to do it now
We carry the day say hey

Strong am I feeling am I feeling strong
but I cant but I cant go on
alone, I cant do without you
Strong
Wanna be wanna be your love
Wanna be wanna be your one
Because I can't live without you

O o oooo o oooooo
Because I can't live without you
O o oooo o oooooo
Because I can't live without you

You gave me love and you gave me the answers
You took the weights right off from my shoulders
Mmm, knowing you do what you do to me
Ohh you make me make me

Strong am I feeling am I feeling strong
but I cant but I cant go on
alone, I cant do without you
Strong
Wanna be wanna be your love
Wanna be wanna be your one
Because I can't live without you

O o oooo o oooooo
Because I can't live without you
O o oooo o oooooo
Because I can't live without you

And I can do it now
And I can feel it now
Becoming stronger now
I wanna feel right
And I can do it now
And I can feel it now

Becoming stronger now
CANT LIVE WITHOUT YOU
