

# River Phoenix

Santa Cruz

Can see the headlights  
They're closing in  
Can you feel the pulse go up  
Beneath your ice-cold skin  
Can you hear me fucking walk?  
Coming down like I'm hurricane  
When every mood that strikes  
Sending fire to the rain

Out of line, 'cause we running out of time  
Out of sight 'cause we are ready to fight

We're going down  
Like River Phoenix  
We are the ones that you can not restrain  
Yeah-yeah!  
It's now we hit the ground  
Like River Phoenix  
To rise up from this ashes once again  
Like River Phoenix

Can't fix the broken  
Can you heal the damned?  
And did you feel like living dead  
With the bullet in your head?

Out of line, 'cause we running out of time  
Out of sight 'cause we are ready to fight

We're going down  
Like River Phoenix  
We are the ones that you can not restrain  
Yeah-yeah!  
It's now we hit the ground  
Like River Phoenix  
To rise up from this ashes once again  
Like River Phoenix

And I'm running

Out of line, 'cause we running out of time, whoa

We going down  
Like River Phoenix

We're going down  
Like River Phoenix  
We are the ones that you can not restrain  
Yeah-yeah!  
It's now we hit the ground  
Like River Phoenix  
To rise up from this ashes once again  
Like River Phoenix
