

C'Est Magnifique

Santa Esmeralda

A Fabulous night in the city of light
A pretty???? with fire in her eyes
You ask for her name she says she's not sure
With each passing moment you're wanting her more
You offer her pleasure like never before...When you're dancing
with her

(C'est Magnifique)

When you want to kiss her (Ce'st Magnifique)
You ask for her number (Ce'st Magnifique)
But to go further (????)A Fabulous night in the city of light
My pretty???? still here by my side
Morning has come it's time to go home
Sweet dancing kisses as we sail along
Back to Manhattan how can we go wrong?
